I am a Software Engineer who is a talented problem solver using a broad skill set including, React, JavaScript, HTML/CSS, and Python. From my background in global education, languages, sales, I am highly adaptable and bring a unique perspective. I will bring my positive, collaborative, growth mindset attitude to any situation whether I am working in a team or independently.

Skills

Languages - JavaScript, HTML, CSS, Python, SQL, Mongo, JSON

Libraries and Frameworks - React (class based and hooks), Express.js, Django, JQuery, Bootstrap

Database - PostgreSQL, MongoDB

Other - RESTful Routing, JSON api

Projects

GoLocal | React/Hooks, CSS, Bootstrap, JSX, MongoDB, Express

January 2022

- Project lead for a team of 4 software developers to build a stylized single page application E-commerce store in a 3-week sprint.
- Built and tested API routes using postman and curl scripts.
- Designed the front end using React functional components with hooks, JSX, and CSS.
- Project goal to provide a platform for a small business to be able to sell products to local customers and compete against larger, more-advantaged competitors.

Travelife | HTML5, CSS, Javascript, Ajax, JQuery, Bootstrap, Express

December 2021

- Designed the backend and frontend of a single page application travel blog.
- Created a single-page, full-stack application that interacts with a custom Express API that I built.
- Users can create, read, update, and destroy travel destinations to edit the database and the data that appears on the application.

Professional Experience

Resurrection School | Rye, NY

Spanish Teacher

11/2020 - Present

- Create Spanish language curriculum and instructed 120+ beginner students in grades 4-8, adjusting for the different levels of each class.
- Develop strong bonds with students during recess, lunch, and other activities outside the classroom to develop rapport and better understand each student's needs.
- Collaborate with homeroom teachers to coordinate individualized interventions for specific students to ensure academic success
- Contribute in bimonthly Archdiocese of New York training programs to improve teaching practice, including utilizing data to inform curriculum development, incorporating online resources, etc.

Guilin Tourism University | Guilin, China

TEFL Teacher

09/2015 - 12/2019

- Instructed a variety of courses- English language, Business English, Introduction to Tourism, Business Communications, Intercultural Communications, Spanish language for a combined 300+ students each semester in a cross-cultural environment.
- Adjusted curriculum to address student developmental stages from elementary school to university-aged students.

Shoplet | New York City, New York

12/2014 - 6/2015

Corporate Account Manager

- Conducted 50 warm lead calls daily to turn one-time purchasers into permanent business accounts.
- Instructed customers to use proprietary platform to increase sales and solidify relationship and establish business accounts from multiple states for tens of thousands of dollars in monthly sales.
- Participated in weekly vendor product training presentations, ensuring the application of best sales techniques.
